Download and Installation Instructions
AaaTeX's IIF Importer 2
(ReadMe.pdf)
(Build 4.0.2.nnn)
By AaaTeX Corp.
See Operations.pdf for instructions on operating the program

Thanks for trying our IIFImporter2. Please follow these directions.

This is for QuickBooks Windows Desktop Versions Only (Pro, Premier, Enterprise).

For QuickBooks Online please use this link
https://www.AaaTeX.com/Doc/IIFImporter/ReadMe.pdf

This is for QuickBooks Windows Desktop continue below.

1. **Download and Install Intuit's interface module QBFC**
   https://www.AaaTeX.com/downloads/QBFC16_0Installer.exe
   (older versions of this app may require QBFC13 **https://www.AaaTeX.com/downloads/QBFC13_0Installer.exe)**

   This may already be on your system if you have other QB add-on products.
   (old versions of the IIFImporter2 may require QBFC12 http://www.AaaTeX.com/Downloads/QBFC12_0Installer.exe)

2. Download and Install Our program Package

Requires QBFC16 (#1 above) to be installed.

Download from the below if you have not already done so..
https://www.AaaTeX.com/downloads/IIFImporter2.msi

Please follow the prompts taking all the defaults.

3. Execute the Program - Starting the program

You can start our program via Start/Programs/AaaTeX/IIFImporter2. You can also copy it to your desktop if you wish (right click and drag to desktop, select create shortcut here). QuickBooks should be up and the Admin logged on. (Admin required for 1 time authorization). **See below for QuickBooks Program Authorization.**

For **QuickBooks Program Authorization**
see http://www.AaaTeX.com/Doc/QuickBooksProgramAuthorizationDesktop.pdf

4. Running the Program

See our Operations document (from the help, See Doc (Operations.pdf). You can download from
http://www.AaaTeX.com/Doc/IIFImporter2/Operations.pdf

5. Activating/Registering the program

After you purchase the program you must Activate it from the *Help, Activation/Registration* menu. You use the information that was entered into our eCommerce system when you purchased the product i.e. Company Name, Phone and PostCode. This is your 'key'.

6. There is a setting in QB that frequently causes issues and should be 'unchecked'. This is the '*Keep QuickBooks Running for quicks startups'* in the QuickBooks menu Edit, Preferences,

7. Done and enjoy.

If you are technical you can get the technical details from here
http://www.AaaTeX.com/Doc/IIFImporter2/ReadMeTechnical.pdf
