Program Download and Installation Instructions

ReadMe.pdf

See Operations.pdf for operational instructions

Thanks for trying our TransImporter2012. Please follow these directions.

1. Download and Install Intuit's interface module

After Bld version 3.0.2.0 QBFC12 , Bld 3.0.1.nn needs QBFC11, Bld 3.0.0.nn needs QBFC10

http://www.AaaTeX.com/downloads/QBFC12_0Installer.exe

If not installed first the below install will request the download then you have to restart it after the QBFC module is installed.

2. Download and Install Our program Package

Download from the below if you have not already done so..

<http://www.AaaTeX.com/downloads/TransImporter2012.MSI>

Run/open it.

Please follow the prompts taking all the defaults.

NOTE: During the first execution the program may invoke installs of other required components. You should take all the defaults to prompts that may occur. See the ReadMeTechnical.pdf link below for more details.

3. For QuickBooks Online Edition ONLY

1. **Intuit's QBOEConnector** - This may automatically download and install if not installed. However it is better to install it first.

The QBOE Connector can be obtained from our site

<http://www.AaaTeX.com/downloads/QBOEConnectorInstaller.exe> or it may be downloaded from the program upon first access of the QuickBooks file. This is Intuit interface code. Just execute it and follow any prompts. This program is needed to run any programs with the qbFC/XML interface and must be installed before running our programs. Note this may already be on your system if you have other 3rd party QB Products

2. **Config File** – You may need to create a config settings file TransImporter2012.ini with the following:
[frmMain]
chkOnlineEdition=True
[]

3. Also, you will need the Windows Administrator login to create the Registry entry in Local Machine then bring the program up and from the *File* menu pick *ADD QBOE Registry Entries*. It will ask you to Right click on QBOERegistry.exe and run as Administrator. This can also be done manually from our Program Files Folder c:\Program Files (x86)\AaaTeX\TransImporter2012.

4. Execute the Program

Starting the program

You can start our program via Start/Programs/AaaTeX/TransImporter2012. You can also copy it to your desktop if you wish (right click and drag to desktop, select create shortcut here). QuickBooks should be up and the Admin logged on. (Admin required for 1 time authorization). **See below.**

For QuickBooks Program Authorization Desktop (Pro, Premier, Enterprise).

see <http://www.AaaTeX.com/Doc/QuickBooksProgramAuthorizationDesktop.pdf>

For QuickBooks Online users

See <http://www.AaaTeX.com/Doc/QuickBooksOnlineProgramAuthorizaion.pdf>

5. Running the Program

See our Operations document (from the help, See Doc (Operations.pdf).

6. Activating/Registering the program

After you purchase the program you must Activate it from the *Help, Activation/Registration* menu. You use the information that was entered into our eCommerce system when you purchased the product i.e. Company Name, Phone and PostCode. This is your 'key'.

7. Done and enjoy
