Thanks for trying our Integrator.

For QB Online Edition users this is the wrong program.
You need the eIntegratorQBO.

For the eIntegrator for QuickBooks Windows Desktop please follow these directions.

1. Download and Install Intuit's interface module QBFC

Download from the below if you have not already done so..
https://www.aaatex.com/downloads/QBFC16_0Installer.exe
Run/open it. Please follow the prompts taking all the defaults.

2. Download and Install Our program Package

Download from the below if you have not already done so..
http://www.AaaTeX.com/downloads/eIntegrator.msi

Run/open it. Please follow the prompts taking all the defaults.

NOTE: During the first execution the program will invoke installs of the components that are required. You should take all the defaults to prompts that may occur.

3. Execute the Program
Starting the program

You can start our program via Start/Programs/AaaTeX/eIntegrator or from the desktop icon. QuickBooks should be up and the Admin logged on. (Admin required for 1 time authorization).

F**or QuickBooks Program Authorization Desktop (Pro, Premier, Enterprise).**
see http://www.AaaTeX.com/Doc/QuickBooksProgramAuthorizationDesktop.pdf

4. Running the Program

See our Operations document (from the Help, See Doc (Operations.pdf). It is in our install and available from our Help menu. It is also available here
https://www.aaatex.com/Doc/eIntegrator/Operations.pdf

5. Activating/Registering the program

After you purchase the program you must Activate it from the *Help, Activation/Registration* menu. You use the information that was entered into our eCommerce system when you purchased the product i.e. Company Name, Phone and PostCode. This is your 'key'.

6. Done and enjoy.

If you are technical you can get the technical details from here
